United by Grace to Serve

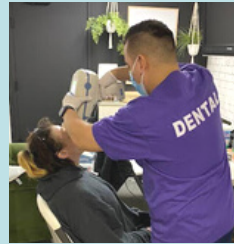

Our Immediate Need

A Fully Equipped Medical & Dental Mobile Unit

To expand our reach and serve more people, we need to raise money to fully equip the Compassion Washington Medical & Dental Mobile Unit.

The four medical and dental packages needed are:

- A Radiology package for \$35,000.00 would provide two hand-held x-ray machines, sensors, laptop computers and software licenses. This will allow us greater flexibility to diagnose and treat dental issues.
- A Dental package for \$30,000
- A Medical package for \$10,000
- Surgery package for \$18,000

A fully equipped mobile unit can travel to where the need is greatest and:

- Removes access barriers.
- Enhances and expands medical and dental services to people without health insurance.
- Enables volunteers from many communities to partner in serving their neighbors.

At every clinic a wide variety of free services are provided including:

Dental Care (emergency care, fillings, extractions)

Basic medical exams

Physical Therapy & Massage Therapy

Chiropractic treatment

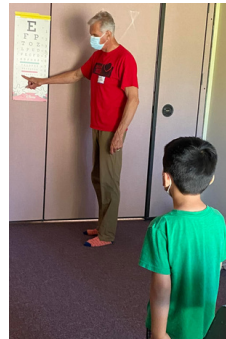

Blood pressure and diabetic screening

Free lunch and snacks

Vision care

Community services networking and referrals

Hair cuts

RESULTS

At the last 2 clinics we served 206 guests with 661 services, a \$102,085 value.

Ukrainian and African Refugees were served.

228 Volunteers came from around the Puget Sound and Portland/Vancouver areas.

Mission:

To unite with local communities to share the compassion of Christ by providing free healthcare clinics and fighting human trafficking.
